

Modern Warrior Defensive Tactics Institute
COMBAT PHYSIO-KINETICS

Saturday, September 23rd
5-9 pm

Combat Physio-Kinetics focuses on the *science* of combat, not the *art* of combat. Understanding how the human body functions mechanically enables you to easily and efficiently influence a combatant's motion.

Combat Physio-Kinetics does not rely on pain compliance, therefore it is ideal for Low Use of Force situations, as well as on aggressors who cannot feel pain (i.e. persons on drugs, EDPs, etc.).

This course is a must for anyone who needs to make quick and seamless adjustments in the field, those who want to supplement their Defensive Tactics training with practical components, and smaller lighter responders who cannot rely on "muscling it".

Advance Registration, with \$25 deposit or payment in full, is required.

\$45 per person. Sign up with a group of 2 or more and pay just \$42 each!
Senior, Law Enforcement, Military: \$40, groups of 2 or more pay just \$37 each.
MWS : \$30 each

Minimum of 5 students needed for this class to form.

Call (631) 226-8383 to Register
